LB 532, 220A, 346, 509,
530, 537, 531, 539

SENATOR WARNER: Mr. President, what I was looking for was that wording on the one on state aid. I guess I am going to have to (inaudible) it. I know that there are other sections. I am not sure that state aid is a relevant one to this but I do know there are agencies included in the document that exceed what the Governor recommended. The State Patrol, for example, I am sure does, and on that basis, the bill contains appropriations in excess of what the Governor recommended for the agencies. So whatever and wherever, it takes 30 votes (inaudible) and I don't think the state aid one is relevant.

PRESIDENT: But that was not put to you, Senator Warner.

SENATOR WARNER: Yes, sir, I recognize that.

PRESIDENT: So then the question is, does the bill pass? The Chair declares this bill did not pass. Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman, considering that fact, the proposition that was before us which should be reconsidered would be the passage, the nonpassage, really, of LB 532 with the emergency clause stricken and I have addressed a motion of reconsideration for that but I want to make sure that it is correct. Is that in order now?

PRESIDENT: Yes, that is in order because the Chair ruled the bill did not pass. Senator DeCamp.

SENATOR DeCAMP: Mr. President, one clarification. His motion is to reconsider without the emergency clause. Can we address that on top of this amendment?

PRESIDENT: What do you mean, address it?

SENATOR DeCAMP: Are you going to make that a motion to pass it without the emergency clause?

SENATOR CHAMBERS: I just want to file the motion.

SENATOR DeCAMP: I want to file the one with the emergency clause.

PRESIDENT: Senator DeCamp, have you filed your motion?

SENATOR DeCAMP: Yes.

SENATOR CHAMBERS: Just to make completely sure why I am not taking it up, if we make a move to reconsider and it fails, that proposition can no longer be available for reconsideration so I am holding mine also but I want it to be certain that we have everything covered.

PRESIDENT: Senator Dworak. Senator Newell, your light is on. He doesn't want that taken up at this time. Senator Chambers, you do not want yours taken up at this time. Yes.

CLERK: Mr. President, your committee on Enrollment and Review reports we have examined and reviewed LB 220A and find the same correctly enrolled; LB 346 correctly enrolled; LB 509 correctly enrolled; LB 530 correctly enrolled; LB 537 correctly enrolled; LB 531 correctly enrolled; LB 539 correctly enrolled.
